“The Evolution of Forensic Mental Health: Past, Present, and Future”

Welcome to the 23rd Annual Patton State Hospital Forensic Mental Health Conference. It is presented without cost to participants in an effort to bring together individuals who share an interest in forensic mental health issues. We have made every effort to provide presentations of interest to participating friends, families and professional colleagues.

This year, our very own Mendel Feldsher, M.D. & George Proctor, M.D. will open the conference. On the second day, renowned forensic psychiatrist, Phillip Resnick, M.D. will present.

Pre- registration for the conference is not required. Participation in concurrent presentations during the conference will be on a first-come, first-served basis. Presentations will be closed when attendance reaches fire capacity of the assigned room.

Thank you for joining us for another outstanding educational experience.

23rd Annual
Department of State Hospitals-Patton
Forensic Mental Health Conference

Wednesday, February 24, 2016

8:00-8:30	Registration
8:30-8:45	Welcome and Orientation

8:45-10:15	KEYNOTE ADDRESS:	Auditorium
Presentation:	The Risks of Untreated Psychosis	
Presenter:	Mendel Feldsher, M.D., & George Proctor, M.D.	
	DSH-Patton	<i>1.5 CEU/1.5 S.W. CEU/1.5 CME/1.5 Psychology CEU</i>

Summary: A disproportionate amount of scrutiny is paid to the risks of pharmacologic treatments for psychosis while the risks of untreated psychosis are given less consideration. The benefits of antipsychotic treatment would include mitigating the risks of untreated psychosis. Our presentation will highlight a variety of risks associated with uncontrolled psychosis.

10:15-10:30	BREAK
--------------------	--------------

**THE FOLLOWING ARE
CONCURRENT PRESENTATIONS:**

WEDNESDAY, FEBRUARY 24, 2016

10:30-12:00

Auditorium

Presentation: Police Misconduct Issues Related to Procedural Justice and Legitimacy as Ethno-racial Factors in Officer Safety: A Forensic Paradigm

Presenter: Ronn Johnson, Ph.D., Eric Jacobs, M.A.,
& Berenis Gonzales, M.A. Candidate

1.5 CEU/1.5 S.W. CEU/1.5 CME/1.5 Psychology CEU

Summary: This presentation uses a forensic psychological perspective to examine high profile incidents involving police misconduct and addresses the growing concern about perceived legitimacy of police authority within ethno-racially diverse communities. Current and future solutions will also be explored.

10:30-12:00

Staff Development Center-Room 10A (35)

Presentation: Treating the Invisible Client: Revisiting our search for Evidence Based Practices in a State Hospital Setting.

Presenters: Tiffani Grant, M.S., PsyD, Jorrie S. Mackenzie, PsyD, Klayton Smith, PsyD

1.5 CEU/1.5 S.W. CEU/1.5 CME/1.5 Psychology CEU

Summary: The continued rise in state hospital patients who require treatment resources and a specialized therapeutic approach not yet readily available is problematic. We endeavor to address this need by identifying treatments and therapeutic materials appropriate for use with this population.

10:30-12:00

Staff Development Center-Room 20 (60)

Presentation: Risk Management From Day 1: Team Development and Proactive Individualized Treatment Planning Required for Higher Risk Patients

Presenter: Angie Shenouda, Psy.D, Kathleen Bono,
Psy.D, Monty Clouse, Ph.D
DSH-Atascadero

1.5 CEU/1.5 S.W. CEU/1.5 CME/1.5 Psychology CEU

Summary: This presentation demonstrates the impact of multidisciplinary risk assessment and intervention, and of milieu management, on violence risks. Two indispensable and primary areas of focus, both of which must be accomplished for effective violence intervention, are addressed: the Unit Team's development, and implementation of individualized interventions.

1.5 CEU/1.5 S.W. CEU/1.5 CME/1.5 Psychology CEU

Summary: This presentation will cover positive organizational psychology and its application to the positive psychology pilot unit at Patton State Hospital. Participants will learn about the process of appreciative inquiry as well as empirically-based exercises shown to increase happiness, job identification, and effort.

1:15-2:45

Staff Development Center-Room 10A (35)

Presentation: Introduction to Midlife Spirituality and Its Implications

**Presenter: Paul Wu, Ph.D
DSH-Patton**

1.5 CEU/1.5 S.W. CEU/1.5 CME

Summary: Beginning around age 35 or 40, as age increases, so does the proportion of people who are consciously involved in an inner exploration of the meaning of their existence and their relationship to the universe. A frame of references of midlife spirituality is to be presented. Some real cases with issues problems spiritual focuses will be demonstrated for illustration.

Staff Development Center-Room 15 (35)

1:15-2:45

Presentation: Super-Villains and Monsters: Portrayals of the Criminally Insane In Media and Pop-Culture

**Presenter: Freda Lin, Attorney III, Jenny Wong, Attorney III, Antonina Raddatz, Attorney I
DSH-SAC Legal**

1.5 CEU/1.5 S.W. CEU/1.5 CME

Summary: The evolution of the insanity defense in the U.S. and California originates through the M’Naghten Rule, established in 19th Century England. Public perception of the insanity defense has helped to shape our current criminal justice system, as illustrated by John Hinckley, Jr. and the assassination of Harvey Milk. Understanding what the process and law hopes to accomplish is essential in understanding why treatment is provided to those individuals deemed not guilty by reason of insanity.

1:15-2:45

Staff Development Center-Room 20 (60)

Presentation: Cognitive Behavioral Therapy, process, and sensorimotor models for Psychological Trauma Group Treatment

**Presenters: Joseph Morrow, Jr. Psy.D, Henry Ahlstrom, Ph.D.
DSH- Atascadero**

1.5 CEU/1.5 S.W. CEU/1.5 CME/1.5 Psychology CEU

Summary: At the Department of State Hospitals – Atascadero, psychological trauma group interventions are being offered with Cognitive Behavioral Therapy, process, and sensorimotorpsychotherapy components. The approaches consider the risks of re-triggering past traumas, managing suicide risks, and potential interaction effects among symptoms of severe mental illness and psychological trauma.

1:15-2:45

Fitness Center Conference Room (70)

Presentation: **The Mouth of the Well Biblical Wisdom for the Arduous Journey from Resignation to Transformation**

Presenter: **Rabbi Gershon Winkler, Ph.D.,
Rabbi Miriam Maron, BSN, RN, MA, Ph.D.
DSH-Patton**

1.5 CEU/1.5 S.W. CEU/1.5 CME

Summary: A lively exploration of the deadening effects of “giving up” and how to re-awaken passion in the mire of bleakness. Through chant, story and discourse, Gershon and Miriam will blend aboriginal wisdom and contemporary science in order to tweak the efficacy of our interface with those trusted in our care.

1:15-2:45

Cottage K (80)

Presentation: **Forensics meets Geriatrics**

Presenter: **Adonis Sfera, M.D., Luzmin Inderias, M.D.
DSH-Patton**

1.5 CEU/1.5 S.W. CEU/1.5 CME/1.5 Psychology CEU

Summary: Forensic institutions are currently poorly equipped for the management of age-related diseases which will be encountered more and more along with demographics of aging population. Staff education regarding aging pathology is imperative as geriatrics-trained healthcare providers are in short supply.
