NOTICE OF APPROVAL OF REGULATORY ACTION

Government Code Section 11349.3

OAL Matter Number: 2024-0506-01

OAL Matter Type: Regular Resubmittal (SR)

In this resubmitted rulemaking action, the Department amends its regulations related to contracts to add definitions for the terms "architectural and engineering services," "project," and "retainer contact" also known as "on-call contract." The amendments further require the Director or designee to participate in outreach programs. In addition, the amendments allow the Director or designee to negotiate contracts without following the selection provisions when an emergency exists and to perform audits.

OAL approves this regulatory action pursuant to section 11349.3 of the Government Code. This regulatory action becomes effective on 10/1/2024.

Date: June 18, 2024
